Features

Spacious Operator Station

Ergonomically designed operator station controls help in reducing fatigue and improving efficiency.

Power Core Air Filter®

Dual element with add-on pre-cleaner. Ensures 99.99% clean air.

Dual Speed PTO

Use 540 and 1000 RPM, according to the need of the implement.

High Lifting Capacity

Unparalleled 3650 kgf lifting capacity is useful for lifting heavy implements with greater ease.

Isolated Sealed Glass Cabin

Gives comfort to the driver in long working hours. Protects the operator from noise & dust and provides 320° visibility.

International Looks

Attractive hood profile with a chrome finish gunsight, eye pleasing contours and excellent paint finish; everything designed to contribute to its stunning looks.

Steps and Handrail

Steps and Handrail on both sides for comfortable entry and exit.

Speed Options 12 F x 4 R

Appropriate speed selection for each application.

Large lockable doors on both sides

Excellent overall visibility in all applications due to lockable, transparent glass doors of the cab. The large doors open wide, almost up to 70°, and smoothly for easy entry and exit of the operator.
